HORIZON ACCESS IS AN AUTHORISED DEALER OF
TIRESOCKS AND DRIPDIAPERS.
PLEASE CONTACT FOR PRICE AND AVAILABILITY

TireSocks®

TireSocks are used to protect finished flooring from scuff marks caused by rubber tires as well as residue from non-marking tires. TireSocks are constructed using heavy-duty fabrics and can be made to fit any size tire.

DripDiapers®

DripDiapers are a cost-effective solution for protecting finished flooring from fluid leaks. A heavy-duty absorbent pad in the centre of each DripDiaper collects fluid that may leak from the chassis of equipment.
